

Beach Weddings and Receptions

Nearly all Sunshine Coast beaches are available to hire for wedding ceremonies. There are also many beachside parks which are worth considering. Some areas are more exposed to the elements than others, eg late afternoon winds, high tides. We suggest you visit the location at the time of day you wish to hold your wedding ceremony and check local tide times.

The Sunshine Coast Regional Council website (www.sunshinecoast.qld.gov.au) and The Gympie Regional Council website (www.gympie.qld.gov.au) have photos &/or maps of most beaches and parks as well as additional information and application forms. Naturally there are conditions and limitations of use which each Council can further advise.

Unfortunately the Sunshine Coast Regional Council do not allow wedding receptions to be held on public beaches. You can however, have a beach ceremony &/or reception on a private beach such as those located at the Novotel Twin Waters Resort *.

Equip 4 Hire are a preferred supplier to the Novotel Twin Waters Resort and regularly travel to the Cooloola Coast and throughout the Sunshine Coast for a variety of wedding ceremonies, receptions, engagement parties etc.
